

Emission Reduction Plan

Broome Weddings and Events

Member Number:	AT03158355	12 Month Ending:	Aug 2026
Industry:	Accommodation, Tourism & Food Services	Date of Report:	16 August 2026
Location/s:	Western Australia	Member Since:	Jul 2024
		Core Stages:	Complete

Stage / Option	Action Detail			By When	Status
1:Measure	We are committing to take action to reduce carbon emissions				
	Carbon emissions footprint: 44.9 Less sponsored offsets: 0 tonnes Net carbon emissions footprint: 44.9 tonnes Emission data validation: Estimated Essentials, verified and input by the Member. Top Three of emissions: Business Fuels, Electricity				✔ Complete
2:Reduce	We are adjusting operations to reduce emissions				
	Install composting	Composting bins are used onsite to further reduce disposable waste		By 2024	✔ Complete
	End single use plastics	Single use plastics have been removed and bio-degradable bags have replaced traditional bin liners		By 2025	✔ Complete
	Reduce waste to landfill	Waste is sorted and recycled, reducing our previous reliance on skip bins to remove excess wastage.		By 2025	✔ Complete
	Reduce waste water	Men's toilets - Urinals are now waterless units		By 2025	✔ Complete
	Install water refill stations	We have installed a refillable water station, rather than supply single use bottled water		By 2025	✔ Complete
	Reinstate Solar panels on the roof	Solar system needs to be reinstated following its failure		By 2026	✔ Complete
	Replace lighting with LEDs	All lighting has been replaced with LED		By 2024	✔ Complete
	Reduce waste to landfill	Aim to dramatically reduce waste to landfill, and therefore reliance on skip bin for unsorted recycling		By 2024	✔ Complete
	Purchase more efficient combustion vehicles	Purchase and preferentially use hybrid company vehicles. Reduce reliance on high powered (V8) petrol vehicles		By 2024	⚡ Underway
	Encourage passengers to travel light	We will be including on our pre tour information, a note to pack light on tour. This note will detail what we already provide in the aim of reducing load and extra fuel burnt.		By 2027	⚡ Underway
	Offer plant-based menu options	Remove processed meats from our tour offerings and replacing with plant based or other low environmental impact offerings.		By 2027	⌚ Not Commenced
	Train kitchen staff in energy efficiency	Develop an energy efficient training plan for venue staff to maximise energy savings		By 2027	⚡ Underway
3:Avoid	We are adopting renewables for purchased power				
	Our Locations	Current Renewable Adoption	Action for 100% transition	Goal for 100% Transition	
	Broome Weddings and Events	Low	Green Power Another form of renewable energy Solar panels to be reinstated	By 2030	✔ Complete
Support	I'm supporting other businesses in efforts to combat climate change				
	Groups I have joined:				
	Business community climate action program	✔			
	Industry climate action program				
	Supplier climate action program				

The emissions stated within this reduction plan have been measured by a qualified third party and accurately input by the business.

Estimated Carbon Emissions are calculated from user input into the Emissions Estimator, which uses recognised emission standards, including the GHG protocol, ISO14064, EPA Guidelines and those used by the Department of Climate Change, Energy, the Environment and Water.
